Each item for sale is given one of the following codes; a rough classification relating to the condition, rarity and cost price (to us) of the item:

P - Direct from the publisher.

1. New or as New - May have name on front cover/inside or pencil markings (where possible condition 1 items with Name on Cover (N.O.C.) have been marked as such).
2. Good or Average - Music may have a taped spine or a few minor blemishes, but the contents are generally good.
3. Music may have damaged or torn covers and some blemishes, but the contents are readable; some may be neatly hole punched and pages complete, but separated. Generally 'aged' and 'used', but useable. Items are *usually* marked in worse condition than they actually appear.

If you wish to know exact details of condition, please do ask before deciding whether to purchase, although the website page of each individual item usually gives a very detailed description of the product.
